

A Herbal Cream that Will Naturally Rejuvenate Skin

Rejuvenating Skin Cream

- *Developed by a Medical Herbalist*
- *Formulated to Moisturise Dry or Mature Skin*
- *Ideal for Skin Exposed to Outdoor Activities*

This natural skin cream has been prepared to provide you with purest possible commercial product. As it is has been prepared with the minimum of preservatives or additives it is best used within 12 months of opening.

The actions of **ODE Rejuvenating Skin Cream** do not bleach or erode the skin and therefore it's use is pain-free and does not cause scarring. It is suitable for all skin areas on the body and for women & men.

Continued use enhances the skin's own natural rejuvenating abilities. Improvement may take several weeks.

To use: apply cream to the affected areas at least twice daily.*

SALES ENQUIRIES t: **0400 019 567**

Rejuvenating Skin Cream – for men & women of all ages, on all skin areas exposed to outdoor activities.

Testimonials

"Thank you for being so clever to produce something that helps people like me... Your cream really helped my fair vulnerable skin!... There doesn't appear to be anything like it." **LC**

"I used the cream on some scaly sun-damaged spots on the backs of my hands. They have not only gone there is NO sign of the spots returning in those areas. I am now working on some others. I expected it would take about 3 months and I was surprised that it took alot less." **SR**

"I was amazed that I saw results so quickly, it was less than 1-2 weeks, when I noticed a change." **AO**

**Discontinue use if irritation occurs.*
